Reversed lockup — on dark / photographic backgrounds

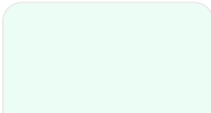

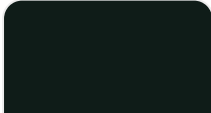

Badge / app icon — green tile, white arch

Mark only — for favicons & small uses

Keep clear space of at least the height of the arch around the logo. Don't recolour, stretch, rotate or add effects. The arch always reads as an open doorway.

arc-600 (#00805A) is the primary brand colour. **arc-950** anchors dark sections; **arc-50** is the soft tint for alternating bands. Ink tones carry all text.

INTER

AI in service of people.

Productive AI systems that put people at the centre.

Body copy uses Inter Regular at a comfortable measure. We pair bold, tightly-tracked headlines with calm, readable paragraphs.

Soft arc-50 fill, arc-200 border, arc-800 text. Used for qualities, focus areas and event types.

Shape & feel

Generous rounded corners (cards ~24px, pills fully round), thin hairline borders (black @ 5–8% opacity), soft shadows, and alternating white / arc-50 bands. Clean, academic and confident — never loud.

VOICE

"We don't just call for responsible AI — we engage."

Direct, evidence-led and human-centred. We build and test responsible AI rather than merely demanding it. Tone: precise, optimistic, grounded.
